EBERST WEALTH ACADEMY

# Small differences. Long horizons.

Investing foundations · Lesson takeaway

## The idea to keep

Compounding builds on previous growth. Costs compound too, by reducing the amount left invested.

## Check your understanding

Why can a small recurring fee have a growing effect over time?

The reduction can affect both the current balance and future growth on that balance. Actual results depend on returns and the fee arrangement.

## Bring the idea into your life

Which assumption or uncertainty matters most in my circumstances?

What would I like to ask Bruce before making a decision?
